6. To review Finances and set the Precept for 20/21 and discuss savings account

An update of the finances was given by the Clerk. A grant has been received from RVBC for Christmas lights of £189 and the claim from the Insurance company for the SID sign has been paid. The budget forecast appears to be on track.

It was agreed that a Savings Account should be opened with United Trust Bank as this seemed to give the best rate of Interest. Proposed by Cllr Halley and seconded by Cllr Fielding. Cllr Entwistle and the Clerk to proceed with opening this account with £10,000 which will be used as the Reserve.

7. To review the Asset register

The Asset Register was updated and approved.

8. Report from RVBC Councillor – for Information only

Cllr Hilton gave an update from RVBC. They are still opposed to having a Unity Authority, talks are still on-going. They have also bought 2 affordable houses in Longridge – one to be used as a refuge for victims of Domestic abuse. Calderstones still admitting patients, no sign of it being closed as planned. Cllr Hilton will facilitate a meeting with the Community Pub Ltd steering group to discuss The Duke of York.

9. No planning applications outstanding

10. Yorkshire Devolution Movement Letter

It was agreed to put this on hold for the foreseeable future.

11. Community Pub Ltd update

The steering group committee plan to arrange a meeting with the legal and planning officers at RVBC. Several members of the village have voiced concerns over the deteriorating condition of both pubs in the village, with special concern regarding the Duke of York as it is a Listed building. A letter outlining these concerns is to be sent to Marshall Scott, the Chief Executive from the Parish Council. The Clerk will draft this letter for the Councillors to authorise.

12. Lengthsman update

Cllr Dumon informed the Council he was having a meeting with a prospective Lengths man on 17th January 2020 and had drawn up a seasonal schedule of work that would be required. He has also asked for quotes for the Play area and the Bonfire site separately, and the clerk will ask the Recreation Ground to do the same from their prospective contractor, so that estimates can be compared.

13. The Village Upkeep

Cllr Halley informed the Council of plans to replace the cherry trees and to purchase a variety of different sized flower tubs to be positioned at various locations throughout the village. Cllr Entwistle raised an objection to removing the existing cherry tree (one has already been removed for safety reasons), as this seemed a perfectly good and established tree. Cllr Halley explained that the reason to replace both trees was so that they would grow at the same height and may look better as the wall behind them was being re-planted. Other areas in the village that needed attention were;

Stiles and handrail at the bottom of the brow – Cllr Fielding will repair these.

Notice board – Cllr Hutton

Trees on the brow to be trimmed.

Stone sign to be cleaned.

Phone box to be used as information hub – Cllr Halley

14. Replacing the Speed Indicator Sign

The SID sign was destroyed by a car and the Council agreed to replace this with a similar device. It was agreed that a Data collection device would not be appropriate. The clerk to look into acquiring a device – possibly a little larger than the previous one – from the same company as used before. Cllrs Hutton and Towler will look into replacing the pole.
